

Day 1

Karaoke

Use the 21 Days of Learning English Playlist on Spotify and choose a song.

When the song is playing, select 'lyrics' and follow the words of the song as the musician sings.

Next, listen again and sing or say the words out loud.

Finally, record yourself saying (or singing!) the words without the song playing.

Alternative - Find your favourite song, google 'lyrics' and do the steps with any song you want

Optional Extra - Write down some of the most interesting words or phrases. Try to make sentences using these words or phrases and write them on the next page.

Expert English - Listen to Billy Joel 'We didn't start the fire'. It's impossible for me and I'm from England!
